1. PRODUCT AND COMPANY INFORMATION
   Product name: Toluylene diisocyanate

2. TRANSPORTATION/INFORMATION ON SHIPPERS
   UN Number: 1381
   Total capacity: 1000 kg

3. EXPOSURE LIMITS
   OSHA: Not applicable
   ACGIH: Not applicable

4. FIRST AID MEASURES
   In case of contact with eyes, rinse with water for 15 min. In case of breathing give artificial respiration.
   In case of ingestion give artificial respiration and hospital care.

5. FURTHER INFORMATION
   Toluylene diisocyanate is flammable. Store in a cool, well-ventilated place.

6. PHYSICAL AND CHEMICAL PROPERTIES
   Appearance: Colorless liquid
   Odor: Mixture of isocyanates
   Specific gravity: 0.93
   Melting point: -10°C
   Boiling point: 300°C

7. HAZARDS IDENTIFICATION
   GHS classification: Health hazard

8. EXPOSURE CONTROLS/PERSONAL PROTECTION
   Personal protective equipment: Eye protection, respirator.

9. PHYSICAL STABILITY AND REACTIVITY
   Stable under normal circumstances.

10. DISPOSAL CONSIDERATIONS
    Dispose of contents in a prescribed manner.
